Re: John Howard Davis

Dear Mrs. Manley:

In reference to the above named boy who is now playing with The Newark Eagles Ball Club you are hereby informed that I made two trips to Albany, held several conferences with Parole Officials, and telephoned to them in connection with this matter.

No doubt you are aware that I was more than glad to render you this service, in view of the fact that Mr. Manley and yourself are such fine people and further because Reverend Johnson and a host of your friends had spoken to me on this matter I feel duty-bound to obtain satisfactory results.

Under the circumstances I am leaving it to your discretion as to the amount of my compensation for the time and services I have rendered.

In closing, please accept my thanks for the wonderful time I had at the ball game in Newark.

Very truly yours,

Daniel L. Burrows
